7. Contact ACASystems

Before contacting us for technical support, please check first the "Frequently Asked Questions (FAQ)" list at our web site. The answer to your question may be already there! Click below to access the FAQ page right from within the help system:

FAQ URL: <http://www.acasystems.com/en/faq.htm>

Support for ACA HTML to Image Converter is always close at hand, a **support ticket** will get the quickest response. Be certain to provide as much background information as possible.

Ticket Support Systems: <http://www.acasystems.com/support/>

Include (at least) the following information if you encounter a problem with the software:

- Your operating system, for example Windows Vista, Windows XP Professional or Windows 2000 Professional.
- How much RAM your computer has installed (sometimes called "memory" but different from "hard disk space," something about which many novice users get understandably confused). If you don't know how to check this, open an Explorer window (not Internet Explorer, Windows Explorer) and select Help/About. It should show you a listing on the bottom of the dialog: Physical memory available to Windows. That will give you the RAM, but not swap file, available to the system for most versions of Windows.
- Your computer's CPU and speed (for example, Pentium IV, 2GHZ).

- A concise description of the problem and exactly what you did to get it to happen. **If you can get it to repeat at will, please give us every step from beginning until the end, that will help us replicate your problem.** Explain it so we can re-create it here, and we'll do our best to find out what causes it and get back to you with a possible solution.

You can contact us with ACASystems Support Systems: <http://www.acasystems.com/support/>.

To be notified about product upgrades, please sign up for our mailing list at:
<http://www.ACASystems.com/en/maillist.htm>.

8. System Requirements

To install and launch **ACA HTML to Image Converter**, your system must meet these specifications:

- Windows 2000, Windows XP, Windows 2003, Windows Vista or later version
- Internet Explorer 5 above
- Internet connection
- 400 MHz CPU processor(1G MHz recommended)
- 128 MB RAM (256 MB recommended)
- 2 MB of hard-disk space for program installing

9. Install and Uninstall

ACA HTML to Image Converter supports for Windows standard Install/Uninstall package.

- **Get ACA HTML to Image Converter Installation Program**

You can visit our website at <http://www.acasystems.com/> or other download sites, download the newest version for ACA HTML to Image Converter.

- **Installing ACA HTML to Image Converter**

Before installing, see System Requirements.

- Run the HTML Converter installation program.
 - Follow the instructions on the installation wizard.
- **Uninstalling ACA HTML to Image Converter**

Click the [Start] button, select **Program |ACA Systems| ACA HTML to Image Converter | Uninstall ACA HTML to Image Converter**.

Any files you've created and left in your ACA HTML to Image Converter folder will remain behind, and in which case you will have to manually delete these.

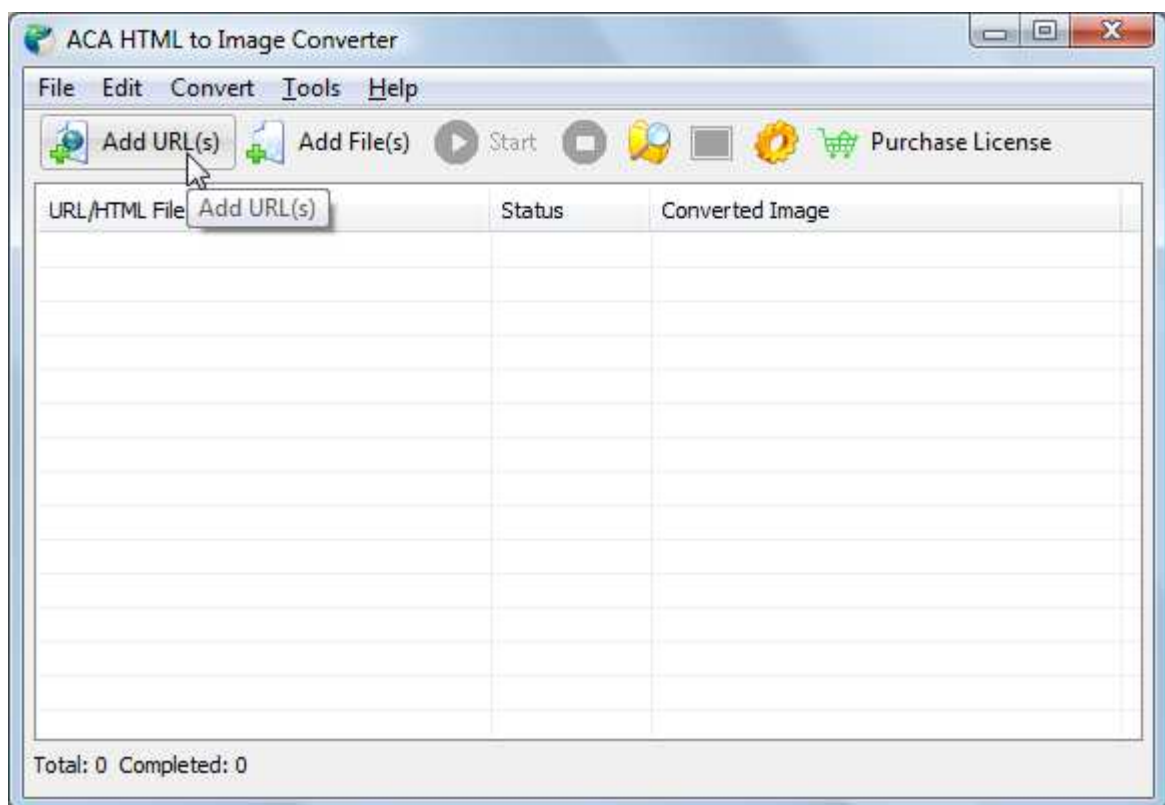

10. Quick Start Tutorial: Take you first convert

For the purposes of this introduction, we will be using ACA HTML to Image Converter's default values, and basic settings. Later, you will discover the flexibility and ease of use that ACA HTML to Image Converter's options offer you.

1. **Start ACA HTML to Image Converter.**

Click the **Start** button, select **Program > ACA Systems > ACA HTML to Image Converter**. ACA HTML to Image Converter is installed in the **ACA Systems > ACA HTML to Image Converter** program group by default. It is stored elsewhere only if you specified another program group during installation.

2. Click the **Add URL(s)** button.

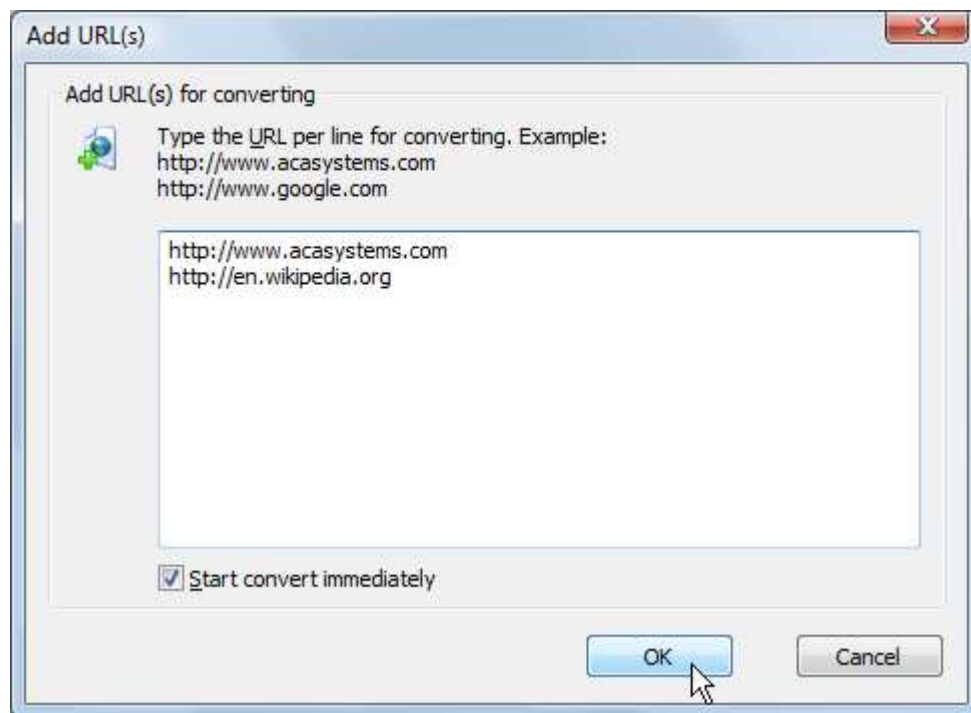

3. Type the URL per line for converting. Example:

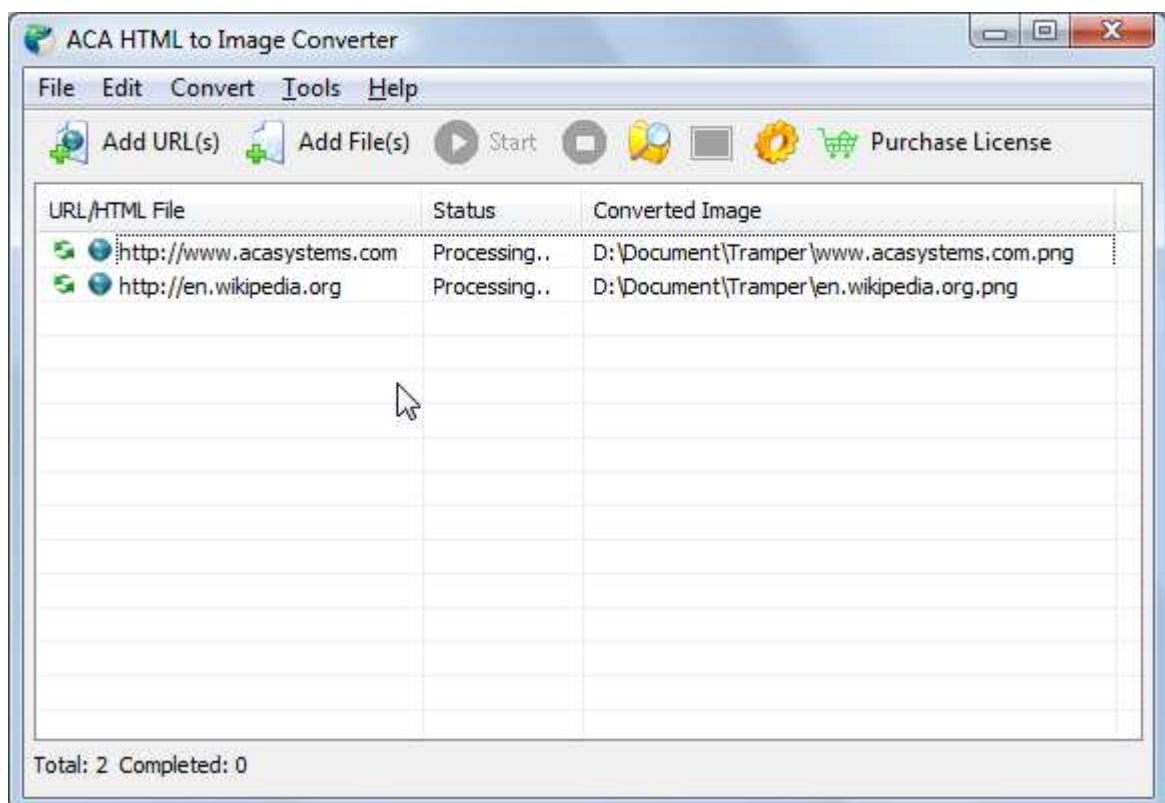

<http://www.acasystes.com>

http://en.wikipedia.org

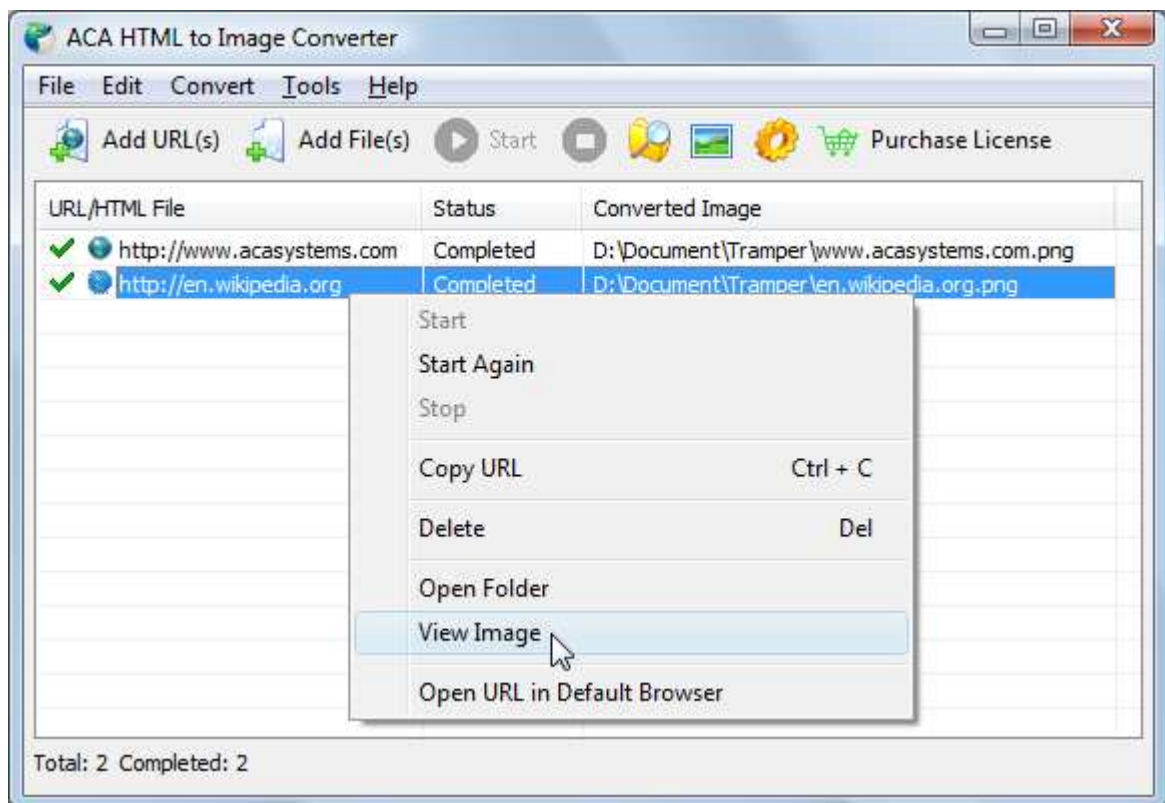

Check the "**Start convert immediately**" option, and then click the **OK** button.

4. The convert task is processing:

5. If the task is completed, you can right click the task item, and then click "**View Image**" to open the image in your default image viewer.

6. View the converted image in *Acdsee*

Congratulations, you have just made your converting! It's that simple.

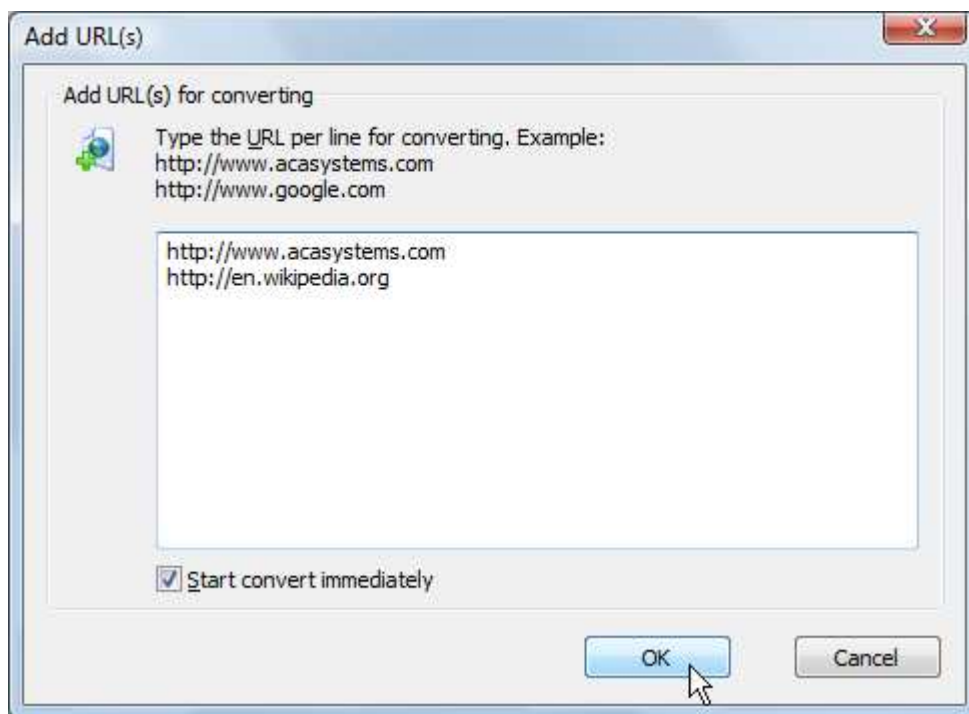

Next, take the a few minutes to browse this brief help file, the knowledge and tips you will gain will make it worth your small investment in time, enabling you to get the best results in the shortest time.

11. Convert HTML web page to image

1. To convert HTML web page to image, you should input the URL first. There are three ways to open the **Add URL(s)** dialog:
 - Click the **Add URL(s)** button on the toolbar.
 - Click the menu **File** -> **Add URL(s)**.
 - Press the keyboard shortcut: **Ctrl + U**.
2. The **Add URL(s)** opens. Type the URL per line for converting in the edit box. Example:

`http://www.acasystes.com`

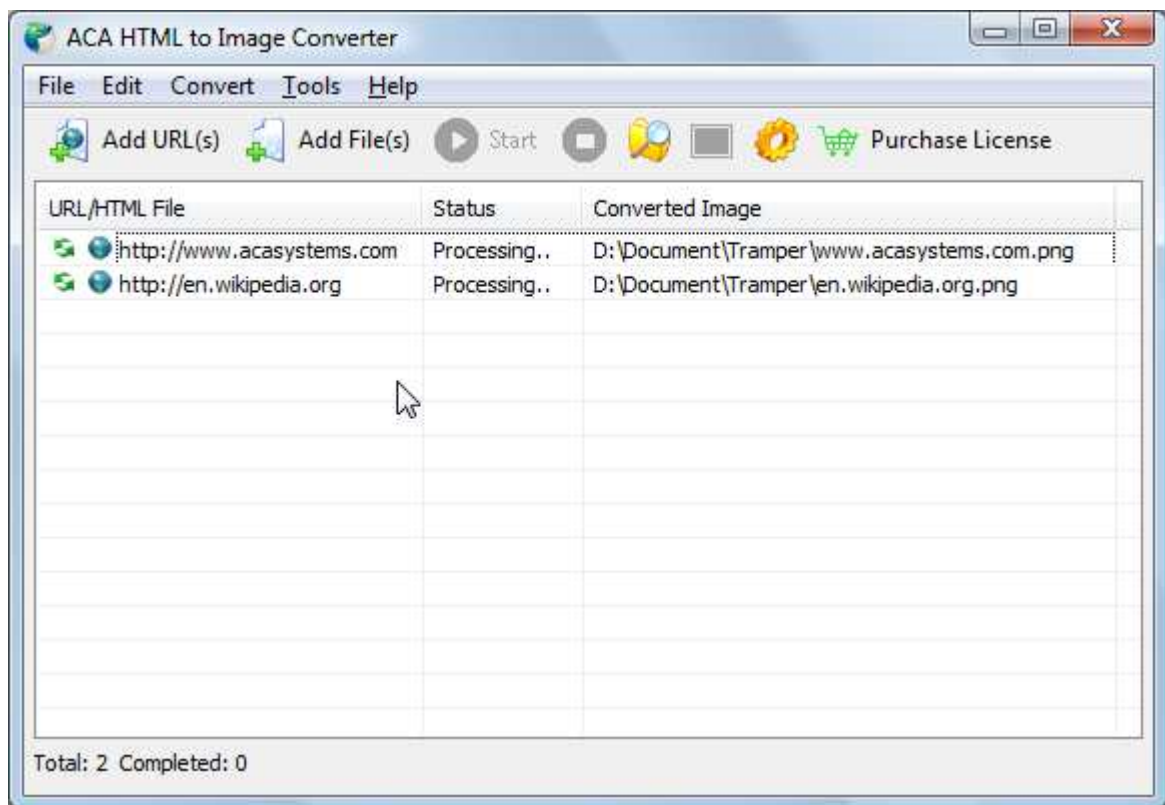

`http://en.wikipedia.org`

If you want to start convert task immediately, please check the "**Start convert immediately**" option. If you unchecked this option, you can start the convert task by manual in future.

Click the **OK** button to close the dialog.

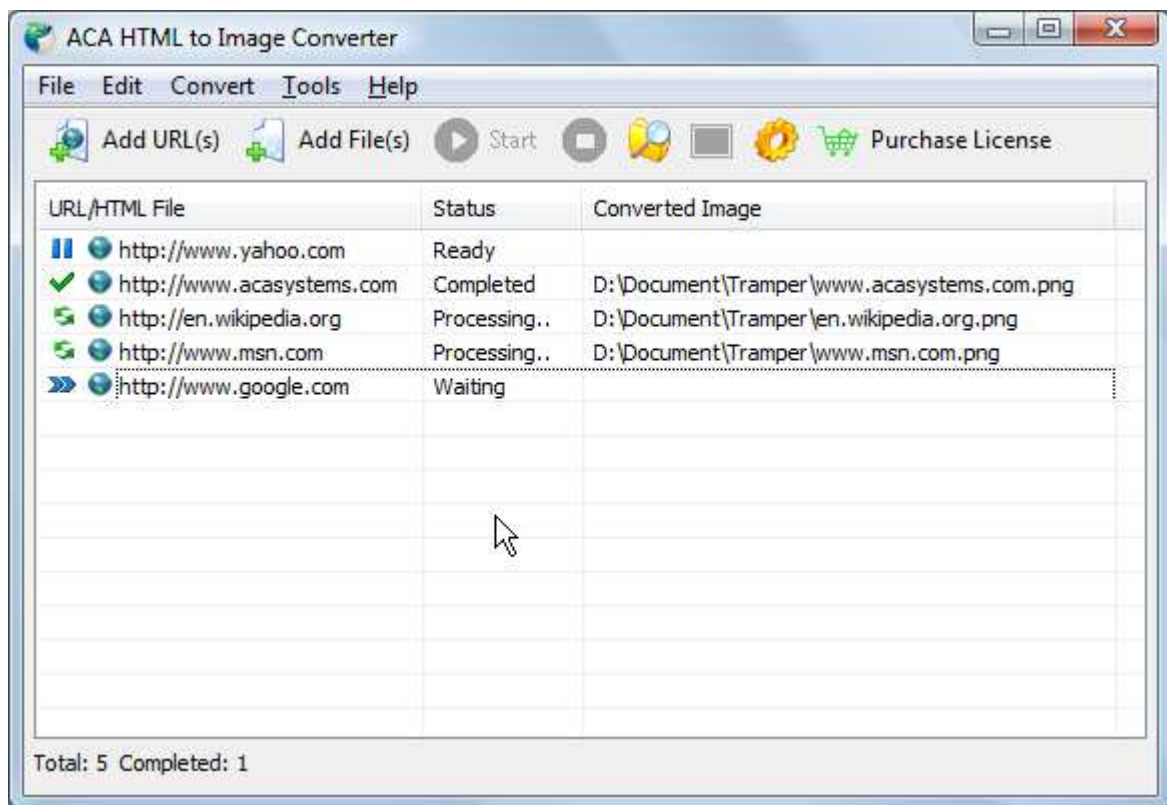

3. If you checked the "**Start convert immediately**" option, the convert task will start, the **Status** column shows **Processing**:

4. Task Status Stages Descriptions

Listed below are descriptions of what your processing stage really means and what you need to do to reach the next level.

- **Ready:** The task is idle. To start this task, click the **Start** button.
- **Processing:** The task is processing. You can click the **Stop** button to cancel the converting.
- **Completed:** The task is completed. You can click the **View Image** button to open the image by default image viewer.
- **Waiting:** The task is in queue. It will be changed to **Processing** once other task completed.

5. If the task is completed, you can right click the task item, and then click "**View Image**" to open the image in your default image viewer.

12. Convert HTML/TXT/MHT file to image

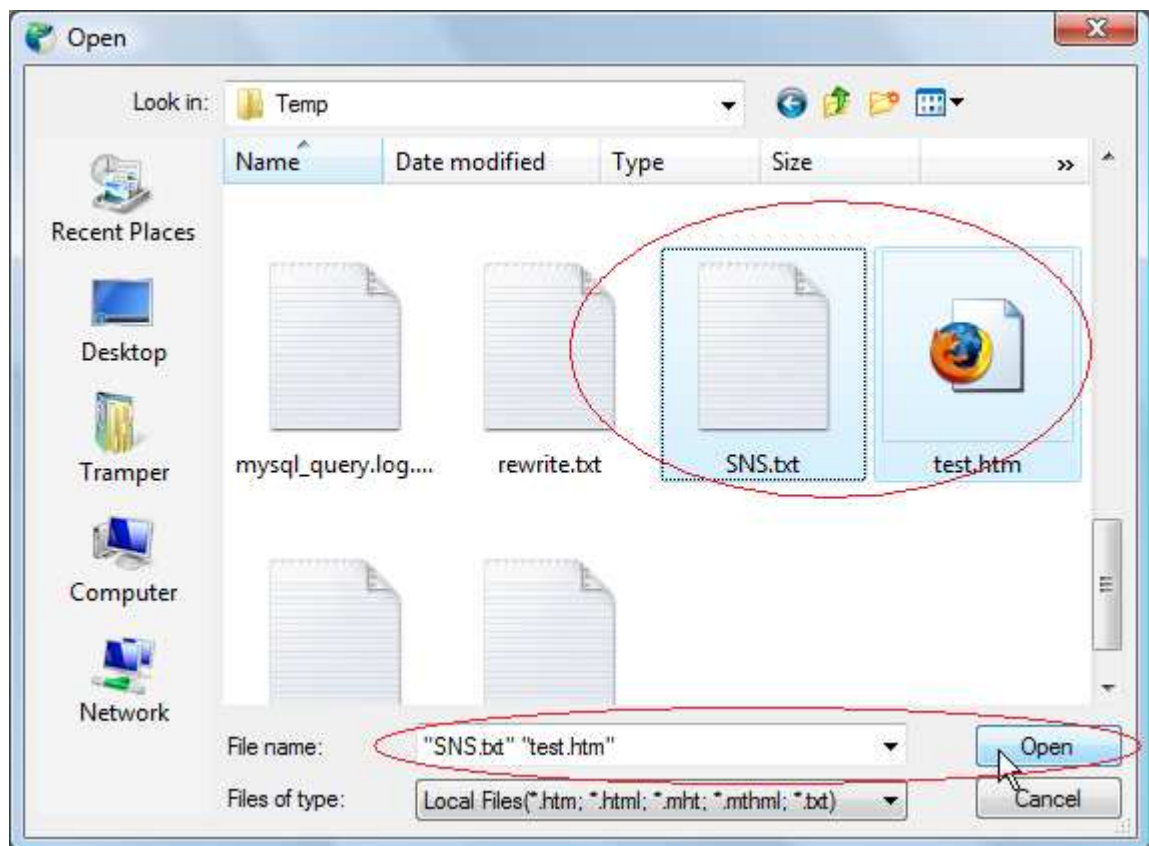

ACA HTML to Image Converter can be used to convert not only web pages but also plain text files, local HTML files or Web Archive Format (*.MHT) files into JPG, GIF, PNG, BMP, TIFF, WMF and EMF images. To convert local TXT/HTML/MHT file to image, please do following steps:

1. Click the **Add File(s)** button on the toolbar.

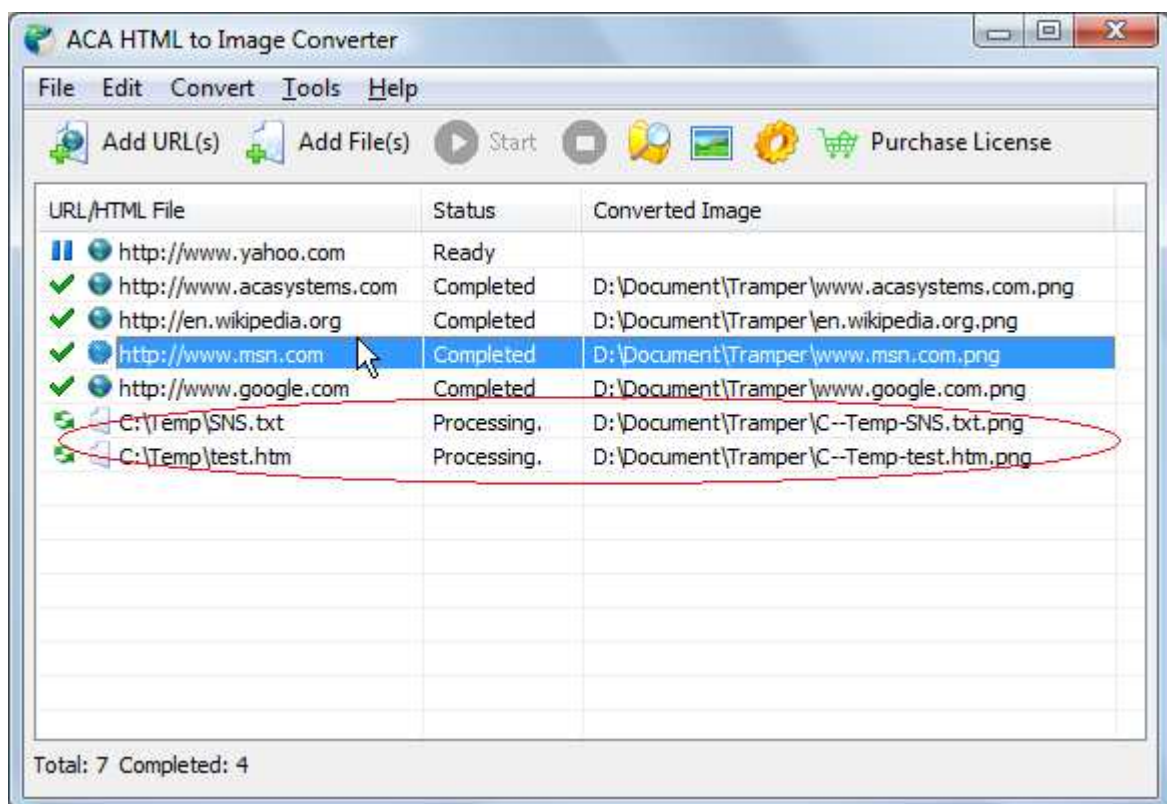

You can also click the menu **File -> Add File(s)** or press the keyboard shortcut **Ctrl + H**.

2. Select the local file(s) in the Open dialog.

ACA HTML to Image Converter supports for converting *.htm, *.html, *.mht, *.mhtml or *.txt file to image. To select multiple files, hold down **Ctrl**, and then click each item you want to select.

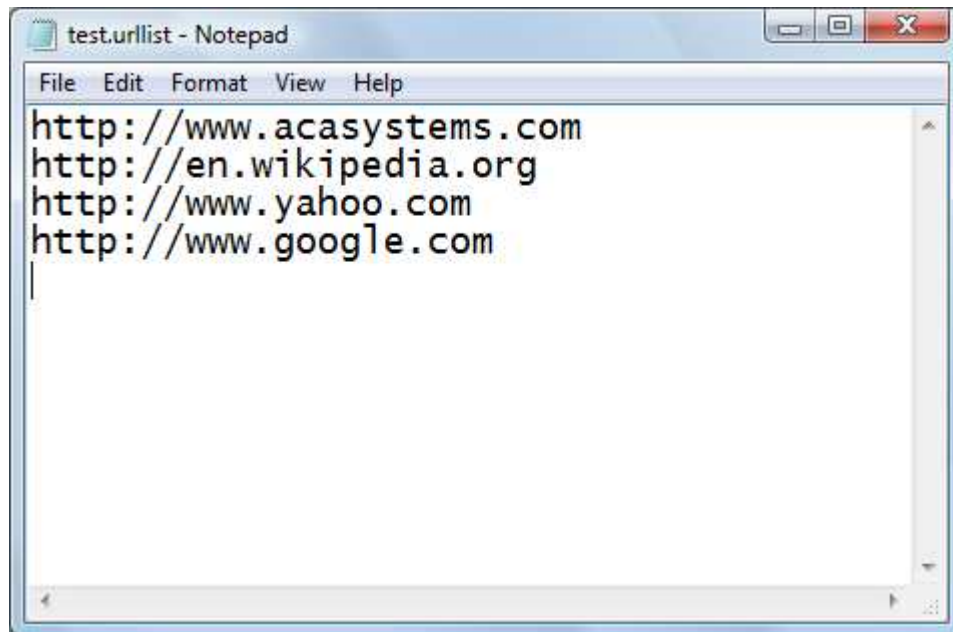

3. Click the **Open** button in the Open dialog. The converting task will be started:

13. Save/Load URL List

ACA HTML to Image Converter supports for export/import URL list. The URL list file is a Unicode Text file that contains one URL per line, you can also edit this file with any text editor (Ex. MS Notepad):

Note: The external name of URL List file is **.URLLIST**

Save/Export the URL List to file

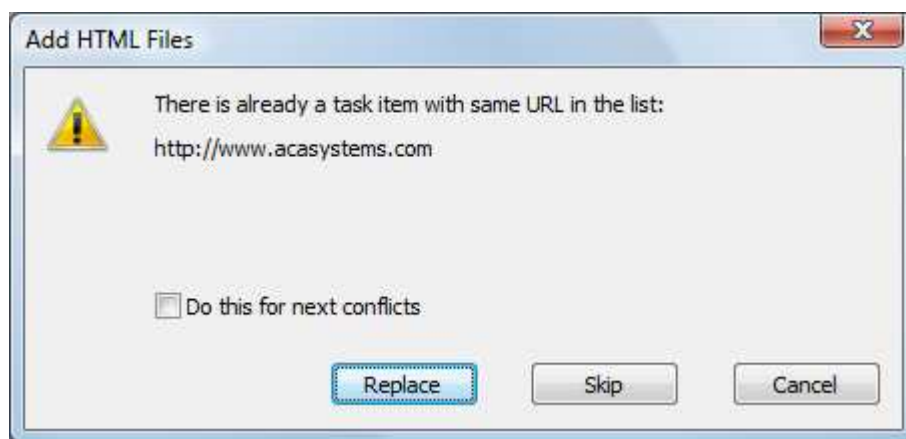

To save the URL list to file, please do following steps:

1. Click the menu **File** -> **Save List** or press the keyboard shortcut **Ctrl + S**.
2. Type a file name in the **Save As** dialog.
3. Click the **Save** button.

Load/Import the URL List from file

To load the URL list from file, please do following steps:

1. Click the menu **File** -> **Load List** or press the keyboard shortcut **Ctrl + O**.
2. Browse the **.URLList** file in the **Save As** dialog.
3. Click the **Open** button.
4. If there is already a task item with same URL in the list, ACA HTML to Image Converter will show a dialog, you can choose **Replace**, **Skip** or **Cancel** this item.

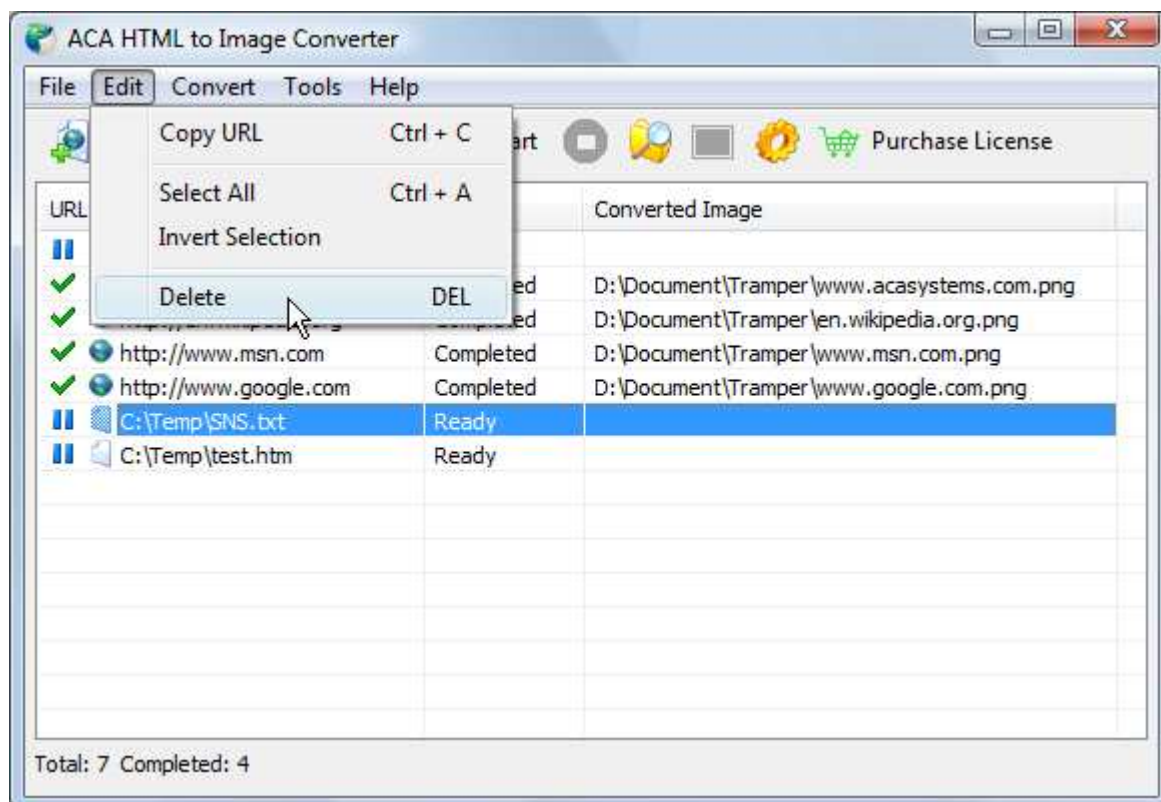

14. Manage Task

You can delete the tasks that you store on ACA HTML to Image Converter, view the snapshot image, browse the save folder or open URL in default browser.

Delete Task

To delete a task, select an item you want to delete, and then click the menu **Edit** -> **Delete**.

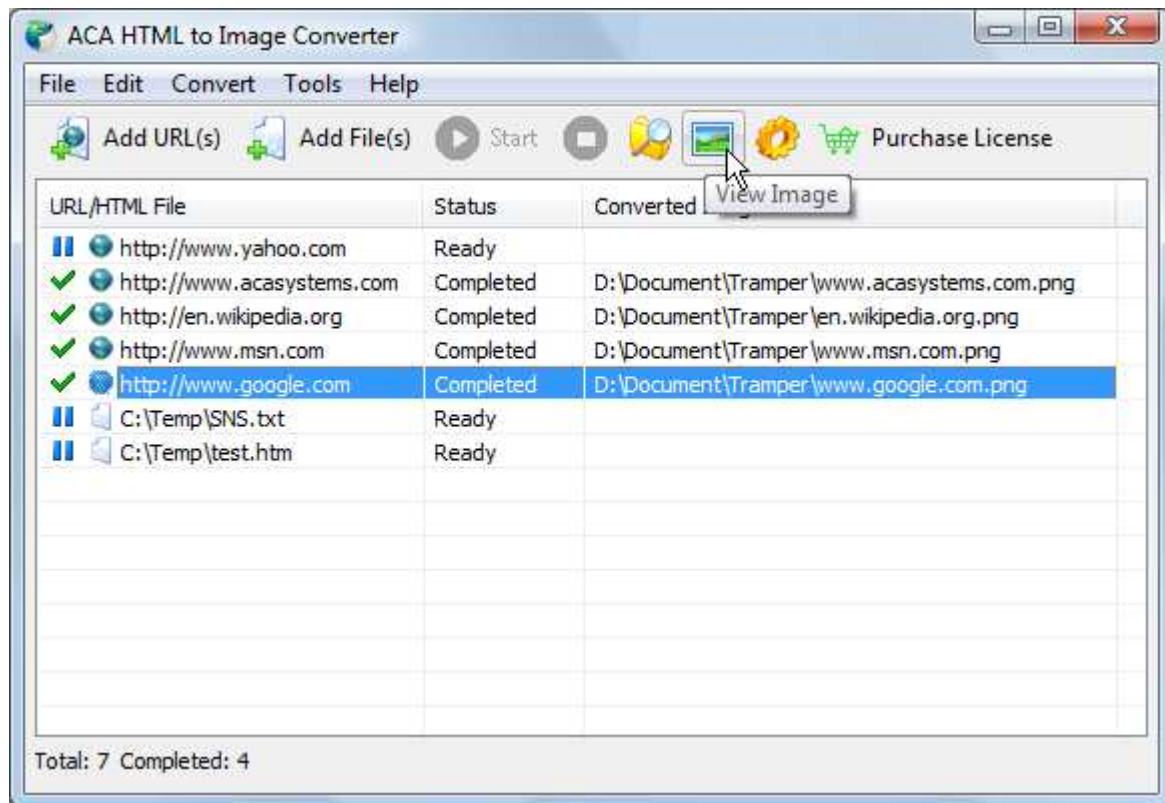

To delete multi tasks, hold down **Ctrl**, click each item you want to select, and then click the menu **Edit** -> **Delete**. To delete all tasks, press the keyboard shortcut **Ctrl + A**, or click the menu **Edit** -> **Select All**, and then click the menu **Edit** -> **Delete**.

Note: You can also delete the selected task(s) by right-clicking the task item, and then clicking **Delete**. You can also simply press the keyboard shortcut **DELETE** to delete the selected task(s).

View the snapshot image

When you select a completed task, the **View Image** button in the toolbar is enabled. To view the snapshot image, click the **View Image** button and then ACA HTML to Image Converter will load default image viewer on your computer to view the snapshot image.

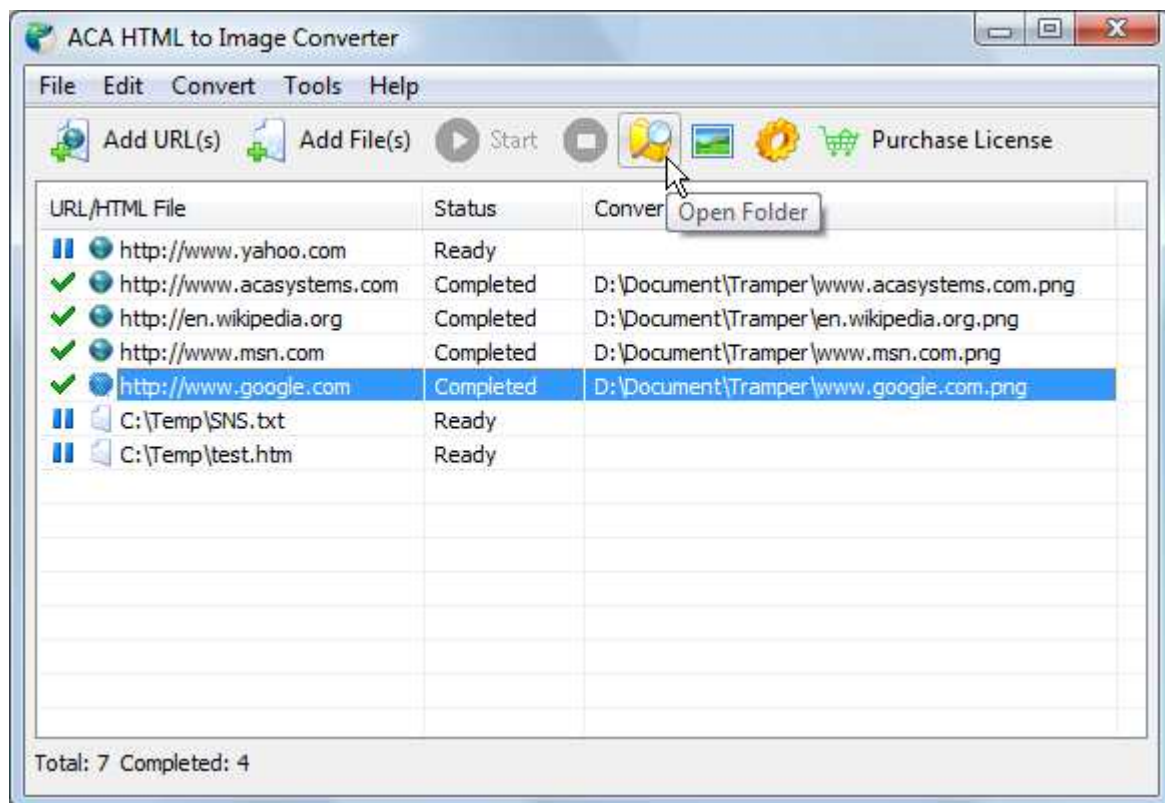

Note: You can also press the keyboard shortcut **F11** to open the snapshot image.

Open the image save folder

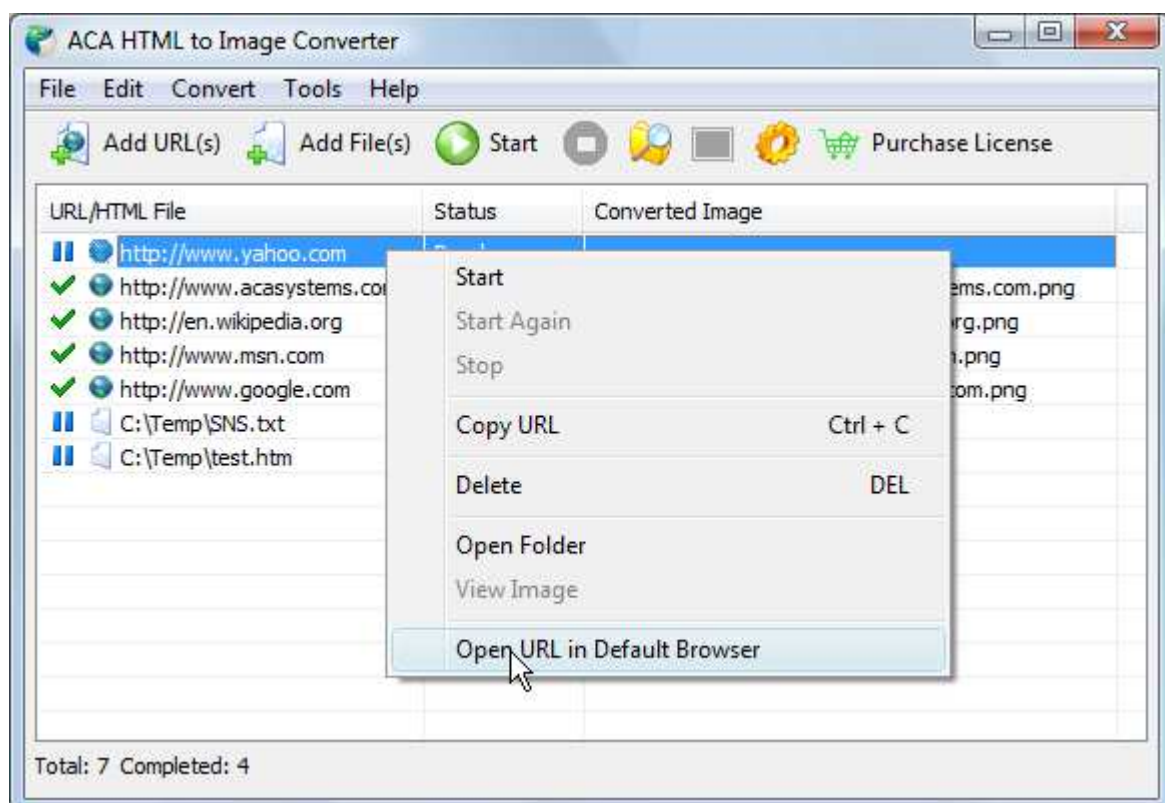

To open the save folder that contains the snapshots image, click the **Open Folder** button in the toolbar.

The default image save folder is *My Documents*. You can specify it in the **Options** dialog.

Open URL in default browser

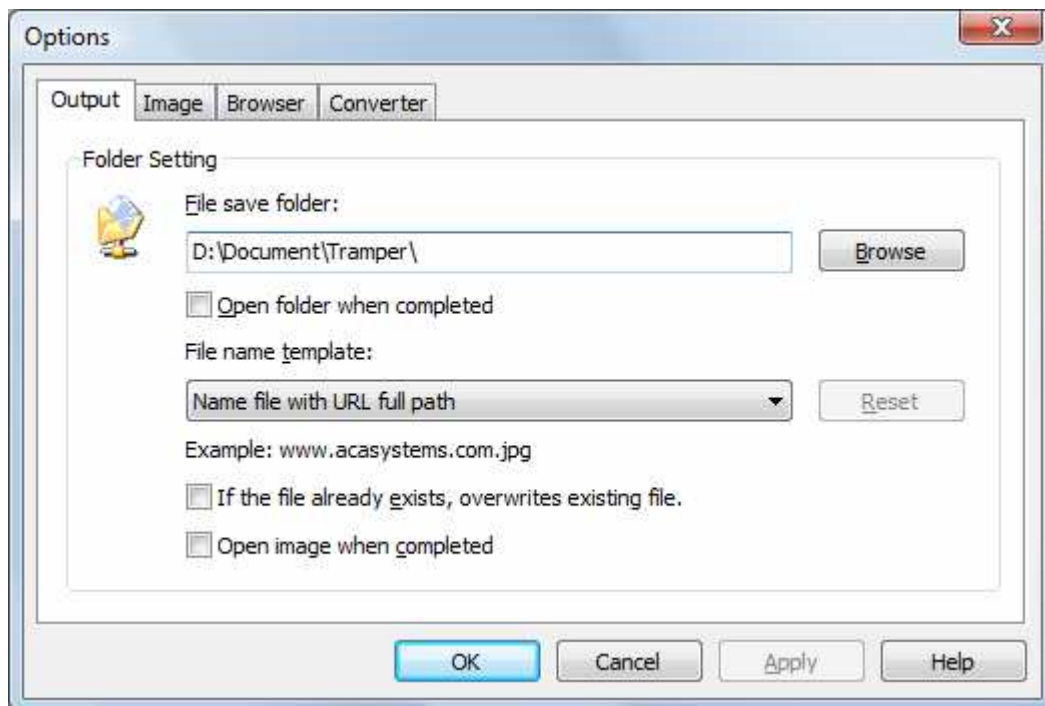

To open the URL of the selected task, right-click the mouse button, and then click **Open URL in Default Browser**.

Note: You can also press the keyboard shortcut **F12** to open URL in default browser.

15. Output Options

You can adjust the image folder and file name settings in the Output options dialog by clicking **Options** in the **Tools** menu, and then clicking **Output** tab.

- **File save folder**

Folder location, where the output images will be stored. You can click the **Browse** button to choose another folder.

- **Open folder when completed**

If you checked this option, the save folder will be opened automatically after complete the HTML converting.

- **File name template**

The file name template will automatically name the snapshot image files for you. There are following options:

- **Name file with URL full path.** Example: *www.acasystems.com.jpg*.
- **Name file with increased number.** Example: *1.jpg*.
- **Name file with timestamp.** Example: *1236268243.jpg*.
- **Name file with hexadecimal timestamp.** Example: *49aff4eb.jpg*.

- **If file already exists, overwrites existing file**

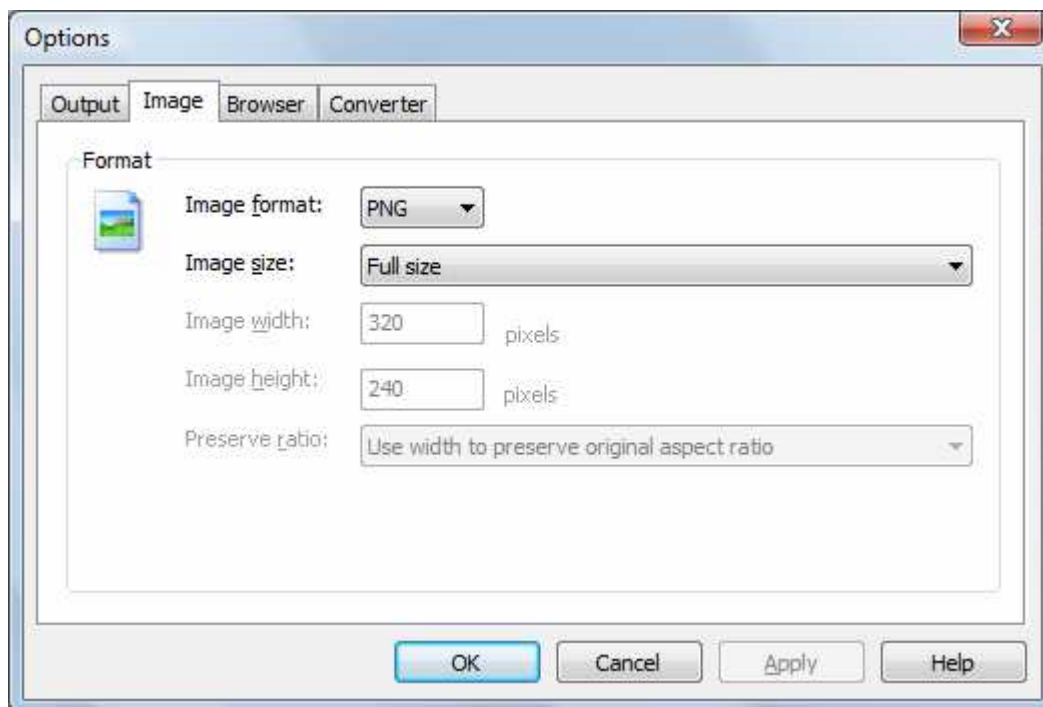

If checked, ACA HTML to Image Converter will overwrite the existing image file if file already exist.

- **Open image when completed**

If checked, ACA HTML to Image Converter will automatically open the image in default image viewer after the converting task done.

16. Image Options

You can adjust the image format, size settings in the Image options dialog by clicking **Options** in the **Tools** menu, and then clicking **Image** tab.

- **Image Format**

Select the file format you want. ACA HTML to Image Converter supports for following image formats:

- **Raster image formats**
 1. **BMP**
 2. **JPG**
 3. **GIF**
 4. **PNG**
 5. **TIF**
- **Vector image formats**
 1. **WMF**

2. EMF

- **Image size**

You can save the snapshot image with full size or specified width and height. There are following options:

1. Full size
2. User defined size: fixed width and height
3. User defined size: fixed width
4. User defined size: fixed height

- **Image Width**

Specify the image width if you select **User defined size**.

- **Image Height**

Specify the image height if you select **User defined size**.

- **Preserve ratio**

Specify the preserve ratio type if you select **user defined size: fixed width and height**, there are two options:

0. Use width to preserve original aspect ratio
 1. Use height to preserve original aspect ratio

Example

1. **Full-size**, zoom out to 70%:

5. User defined size: fixed height. Width: auto; height: 240;

17. Browser Options

ACA HTML to Image Converter gets snapshot images rendered by *Internet Explorer*. You can adjust the browser size, timeout value, enable/disable JavaScript, Java or ActiveX features in the Browser options dialog by clicking **Options** in the **Tools** menu, and then clicking **Browser** tab.

- **Browser size**

The default setting is **Determine browser size automatically**, you can also select a fixed size or specify the Width and Height of the browser. There are following options

- Determine browser size automatically.
- Fixed size: 800 x 600 pixels.
- Fixed size: 1024 x 768 pixels.
- Fixed size: 1280 x 960 pixels.
- Fixed size: 1920 x 1440 pixels.
- User defined size.

- **Browser width**

Specify browser width if you selected *User defined size* option in *Browser size* field.

- **Browser height**

Specify browser height if you selected *User defined size* option in *Browser size* field.

- **Timeout**

Timeout seconds for the page to load, if page doesn't load in the specified seconds, the process will stop the task.

- **Enable JavaScript**

If checked, it will allow the JavaScript on the page.

- **Enable Java**

If checked, it will allow the Java on the page.

- **Enable ActiveX**

If checked, it will allow the ActiveX on the page.

18. Converter Options

You can adjust the converter threads, delay time in the Converter options dialog by clicking **Options** in the **Tools** menu, and then clicking **Converter** tab.

- **Threads**

Select the number of threads you want to perform simultaneously. If you select 5, ACA HTML to Image Converter will start converting 5 items at the same time. If you increase the number of threads, you should increase the value of Timeout seconds in **Browser** tab.

- **Delay time**

When page loading completed, delay time allows you to take screenshot of the web page after specified milliseconds. This option is useful for the page contains ActiveX (Ex. Flash Video), Scripts that take time in loading after page has completed the loading.

19. User License Terms

END-USER LICENSE AGREEMENT FOR ACA HTML to Image Converter (EULA)

Copyright © 2009, ACASystems, All Rights Reserved

ACA HTML to Image Converter ("SOFTWARE PRODUCT") is a shareware. All rights reserved by ACASystems Group. By receiving and/or using this SOFTWARE PRODUCT, this agreement is a binding legal agreement between ACASystems Group and the purchasers, users or evaluators of SOFTWARE PRODUCT, it applies to the trial and registered version.

Your agreement to this license by using, copying, transmitting, distributing or installing SOFTWARE PRODUCT, you agree to all of the terms of this agreement.

Please read the license terms below. If you do not agree to all of the terms of this license, then do not use, copy, transmit, distribute, or install SOFTWARE PRODUCT, and please remove this software from your computer right now.

1. SOFTWARE PRODUCT License

The SOFTWARE PRODUCT is protected by copyright laws and international copyright treaties, as well as other intellectual property laws and treaties. All associated documentation and written materials that accompany this program remains the property of ACASystems Group and are used only under revocable license.

The author exclusively owns all copyrights to SOFTWARE PRODUCT.

The author reserves all rights not expressly granted here.

You may not reverse engineer, decompile, or disassemble the SOFTWARE PRODUCT, except and only to the extent that such activity is expressly permitted by applicable law notwithstanding this limitation.

All title and copyrights in and to the SOFTWARE PRODUCT (including but not limited to any samples, images, photographs, animations, video, audio, music, text, and "applets," incorporated into the SOFTWARE PRODUCT), the accompanying printed materials, and any copies of the SOFTWARE PRODUCT, are owned by ACASystems or its suppliers. The SOFTWARE PRODUCT is protected by copyright laws and international treaty provisions. Therefore, you must treat the SOFTWARE PRODUCT like any other copyrighted material except that you may either (a) make one copy of the SOFTWARE PRODUCT solely for backup or archival purposes, or (b) install the SOFTWARE

PRODUCT on a single computer provided you keep the original solely for backup or archival purposes. You may not copy the printed materials accompanying the SOFTWARE PRODUCT.

2. GRANT OF LICENSE

You may install and use an unlimited number of copies of the SOFTWARE PRODUCT. You may reproduce and distribute an unlimited number of copies of the SOFTWARE PRODUCT; provided that each copy shall be a true and complete copy, including all copyright and trademark notices, and shall be accompanied by a copy of this EULA. Copies of the SOFTWARE PRODUCT may be distributed as a standalone product or included with your own product as long as The SOFTWARE PRODUCT is not sold or included in a product or package that intends to receive benefits through the inclusion of the SOFTWARE PRODUCT. The SOFTWARE PRODUCT may be included in any free or non-profit packages or products.

Without prejudice to any other rights, ACASystems Group may terminate this License if you fail to comply with the terms and conditions of this License. In such event, you must destroy all copies of the SOFTWARE PRODUCT and all of its component parts.

3. Evaluation and Registration

If you use this software after the 14-day evaluation period a registration fee is required. See the web site at <http://www.acasystems.com/> for information about online ordering and **quantity discounts**. When payment is received you will be sent a registration number of latest version of ACA HTML to Image Converter.

Unregistered use of SOFTWARE PRODUCT after the 14-day evaluation period is in violation of international copyright laws.

4. Distribution of the Evaluation Version

Distribution of Evaluation Version Provided that you verify that you are distributing the evaluation version, you are hereby licensed to make as many copies of the evaluation version of this software and documentation as you wish; give exact copies of the original evaluation version to anyone; and distribute the evaluation version of the software and documentation in its unmodified form via electronic means. There is no charge for any of the above. Anyone distributing the shareware version of SOFTWARE PRODUCT for any kind of remuneration must contact ACASystems prior to including it within any distribution media.

5. Registered Version

Your license covers the version or versions of the SOFTWARE PRODUCT as specified at the time you received it. All versions of the same "master" number (for example, 4.0, 4.5, 4.7 - all 4.anything) are covered by your license. If you download and install a "point" release and need a new number because of changes to the program, please contact us. We'll provide you with a free upgrade to the "point" release.

6. NO WARRANTIES

The Author of this Software expressly disclaims any warranty for the SOFTWARE PRODUCT. The SOFTWARE PRODUCT and any related documentation is provided "as is" without warranty of any kind, either express or implied, including, without limitation, the implied warranties or merchantability,

fitness for a particular purpose, or non-infringement. The entire risk arising out of use or performance of the SOFTWARE PRODUCT remains with you.

NO LIABILITY FOR DAMAGES

In no event shall the author of this Software be liable for any special, consequential, incidental or indirect damages whatsoever (including, without limitation, damages for loss of business profits, business interruption, loss of business information, or any other pecuniary loss) arising out of the use of or inability to use this product, even if the Author of this Software is aware of the possibility of such damages and known defects.

Should you have any questions concerning this license, or if you desire to contact us for any reason, please visit our support systems: <http://www.acasystems.com/support/>.

20. Unregistered Copy Limitation

- ACA HTML to Image Converter is limited for 14 days without registration.
- The snapshot will be watermarked without registration.

21. About ACA HTML to Image Converter Activation

If you want to use ACA HTML to Image Converter after the 14-day evaluation period a registration fee is required, you can click here to get a registration number. To activate ACA HTML to Image Converter, please do following steps:

1. Click here to free download the Windows HTML converter software - ACA HTML to Image Converter, and then install it. If you have installed ACA HTML to Image Converter on your computer, you can skip this step.
2. Launch ACA HTML to Image Converter, choose on the option "**I have a registration number and want to activate ACA HTML to Image Converter**", and then click on the **Next** button, as it is shown in the figure 1.

Figure 1

3. Enter your name and registration number carefully as it is shown in the figure 2, if your registration number is shown in an email from ACASystems or an authorized reseller, we suggest that you use **Copy/Paste** method to complete the input.

The image shows a Windows-style dialog box titled "ACASystems Product Activation". On the left, there is the ACA Systems logo and a section titled "Need a registration number?" which instructs the user to press the "Buy Now" button to purchase the software online. Below this is a "Buy Now!" button and links for "Activation Help" and "Privacy Policy". The main area of the dialog is titled "Please enter registration information" and contains three input fields: "Name:" (containing "John Smith"), "Organization:" (empty), and "Registration number:" (containing four groups of eight "X" characters separated by hyphens). These three input fields are circled in red. Below the registration number field, there is a section titled "Looking for your registration number?" with text explaining where to find the number. At the bottom right, there are three buttons: "< Back", "Finish" (which is highlighted with a blue border and circled in red), and "Cancel".

Figure 2

4. Click on the **Finish** button.

When the registration number has been verified, it automatically unlocks (activates) the software.
